## Features

- **Compatible with the CleanSpace PAPR power units PAF-1034 and PAF-2034**
- Suitable for all CleanSpace large filters: PAF-1003
- Materials: Plastic casing, silicone seal and steel fasteners and stainless steel springs.
- Easy and quickly fitted and removed from the power unit

## Specifications and Materials

- Weight: average 113g
- Dimensions: 180mm x 100mm x 80mm
- Storage and Use: −10°C to +55°C (−4°F to +131°F) at <90% relative humidity. Store away from direct sunlight, grease and oil
- Only to be used with CleanSpace PAPR power units

## Suitable Applications

Mining, Welding, Manufacturing, Smelting, Construction, Recycling Plants, Emergency Services, Agriculture, Processing Plants, Grinding. For more details refer to Filter Selection Table on CleanSpace website: www.cleanspacetechnology.com

## Training

Online training available with verification for compliance purposes. Contact [sales@paftec.com](mailto:sales@paftec.com).

## Limitations

CleanSpace Respirators are air filtering, fan assisted positive pressure masks and designed to be worn in environments where there is sufficient oxygen to breathe safely. Do not use the CleanSpace in IDLH atmospheres, to protect against gases/vapours that cannot be filtered, or in Oxygen enriched or deficient atmospheres.
