## Features
- Used with the revolutionary CleanSpace Respirators: light weight, no hoses or belts  
- Designed for comfort over long periods  
- Allows sweating and breathability  
- Easy to wash and quick drying  
- Designed for long wear in harsh environments  
- Easy and quick replacement

## Specifications and materials
- **Weight:** 7g (Small) and 8g (Large)  
- **Dimensions:** 137mm x 44mm x 61mm (Small) – 137mm x 44mm x 66mm (Large)  
- **Cleaning:** Lukewarm water and mild detergent (neutral pH 6 – 8). Do not use solvents (turpentine or acetone), hot water, bleaching or chemical agents.  
- **Storage:** –10°C to +55°C (–4°F to +131°F) at <90% relative humidity. Store away from direct sunlight, grease and oil.

## Suitable Applications
- Welding, Woodworking, Manufacturing, Smelting, Construction, Recycling Plants, Emergency Services, Mining, Agriculture, Processing Plants, Grinding, DIY, etc.

## Training
Online training available with verification for compliance purposes. Contact sales@cleanspacetechnology.com

## Limitations
CleanSpace respirators are air filtering, fan assisted positive pressure masks and designed to be worn in environments where there is sufficient oxygen to breathe safely. Do not use the CleanSpace in IDLH atmospheres, to protect against gases/vapours that cannot be filtered, or in Oxygen enriched or deficient atmospheres.
