CLEANSPACE™ ELITE HEAD HARNESS FOR HALF MASK

PRODUCT CODE: PAF-1030
PRODUCT NAME: CleanSpace™ ELITE Head Harness for Half Mask (Fabric)

Description
This new harness accessory is specially designed for wearer comfort during long periods and highly mobile tasks. When used with the CleanSpace respirators, the Elite Harness is ideal for stone work and cement applications in the prevention of silica. This accessory is compatible with the half mask and CleanSpace Ultra / EX or CleanSpace2 (when used with the large case filter adaptor).

Suitable Applications
Welding, Woodworking, Manufacturing, Smelting, Construction, Recycling Plants, Emergency Services, Mining, Agriculture, Processing Plants, Grinding, DIY, etc..

Training
Online training available with verification for compliance purposes. Contact sales@cleanspacetechnology.com

Limitations
CleanSpace respirators are air filtering, fan assisted positive pressure masks and designed to be worn in environments where there is sufficient oxygen to breathe safely. Do not use the CleanSpace in IDLH atmospheres, to protect against gases/vapours that cannot be filtered, or in Oxygen enriched or deficient atmospheres.
