## Features
- Compatible with CleanSpace2 and CleanSpace Ultra PAPR Power Units  
- Used with the revolutionary CleanSpace - A light weight PAPR with no hoses/belts  
- For applications with multi-gas includes organic vapours (OV), acid gases (AG) and ammonia  
- Used in high water applications or decontamination showers.  
- Easily fitted and removed from the Power Unit

## Specifications and materials
- **Weight:** average 32g.  
- **Packaged Shelf life:** 5 years from manufacturing date.  
- **Materials:** ABS frame, Microfine glass, Carbon and Silicone Seal  
- **Storage and Use:** −10°C to +55°C (−4°F to +131°F) at <90% relative humidity. Store away from direct sunlight, grease and oil.  
- **Only to be used with CleanSpace PAPR power units**

## Suitable Applications

## Training
Online training available with verification for compliance purposes. Contact sales@cleanspacetechnology.com

## Limitations
CleanSpace respirators are air filtering, fan assisted positive pressure masks and designed to be worn in environments where there is sufficient oxygen to breathe safely. Do not use the CleanSpace in IDLH atmospheres, to protect against gases/vapours that cannot be filtered, or in Oxygen enriched or deficient atmospheres.
