

CLEANSPACE NUISANCE ODOR FILTER MULTI GAS (OV/AG) & EXTENDED WEAR

A HEPA filter cartridge with a deep layer of activated carbon suitable for nuisance level* exposure to Organic Vapours (OV), Inorganic, Acid Gas (AG) and Ammonia. NIOSH approved.

WHEN COMPARED TO DISPOSABLE MASKS:

- Long wear with significant cost savings
- Fresh clean airflow for less disruption during a shift
- Less waste. Environmental friendly
- OV/AG offers versatility for a wider range of uses

COMPATIBILITY:

- CleanSpace2 with Half Masks
- CleanSpace Ultra with Full Face Mask (Water Tolerant)

CODE: PAF-1108

FEATURES:

- High capacity HEPA particulate filter
- Removes nuisance levels of Organic Vapours (OV), Acid Gas (AG) and Ammonia
- Deep bed of carbon for long periods of wear
- Economic single filter system
