

CleanSpace[®]
RESPIRATORS
Free the way you breathe™

Breathing
on the job
shouldn't feel
like hard work.

CleanSpace has launched its lightest industrial PAPR, now available in the US and Canada. With NIOSH approval, CleanSpace WORK sets a new standard for respiratory protection, making it easier than ever to work safely in high-dust environments.

Designed for workers in **Welding**, **Construction**, and **Woodwork**, CleanSpace WORK provides reliable, compact protection at an **entry-level price point**, offering an affordable upgrade from traditional APRs or disposable masks.

CleanSpace[®]
HALO **WORK**

Why Choose CleanSpace WORK?:

- **Patented AirSensit[®] Technology:** Synchronizes with your breathing to deliver filtered air for optimal comfort and performance.
- **Compact & Lightweight (< 1 lb / 350g):** Easy to don, and doff for uninterrupted work.
- **Freedom to Move:** Improved mobility with no belts or hoses allowing you to work more freely
- **8-Hour Battery Life:** Long-lasting performance with fast recharge capabilities.*
- **99.97% Filtration Efficiency:** CS WORK particulate filters provide superior protection.
- **Soft Silicone Half-Mask:** Designed for all-day comfort.
- **New Fabric Head Harness:** Distributes weight evenly for improved comfort during extended wear.

* Operating time is strongly affected by filter type, filter loading, mask seal, work rate, altitude, and other factors. The operating times quoted above are average durations at moderate work rates at sea level. Actual operating times may vary widely from the quoted average durations

CleanSpace®

RESPIRATORS
Free the way you breathe™

The CleanSpace WORK is the **affordable, reliable, and lightweight solution** your team deserves. Learn more and access **Data Sheets** and **Product Flyers** at: www.cleanspacetechnology.com/en-us/cleanspace-work/

Your CleanSpace WORK Kit includes:
