All dates are subject to change. Any changes will be advised via a market announcement.

Authorised by Elizabeth Harvey, Company Secretary.

ABOUT CLEANSPACE

CleanSpace is a Sydney-based designer and manufacturer of respiratory protection equipment for healthcare and industrial solutions, founded by a team of biomedical engineers with experience in respiratory medical devices. CleanSpace is passionate about continually improving health outcomes, safety and standards of care for people who need it most. In the last 20 years, technology has driven unprecedented advances protecting people’s health, and we have brought this to personal respiratory protection. The Company continues to invest in research and development programs resulting in truly differentiated powered air purifying respirators (PAPRs).

CleanSpace has world class leading technology and advanced solutions for large employers and their staff that significantly increases the level of personal protection; improves ease of use and compliance; and achieves material cost savings and sustainability for their operations. Higher protection for frontline workers means better health outcomes for millions of people, now and into the future.
